

Dear _____:

I am writing to you as one of your regular customers to thank you for the selection of certified organic and healthy products that are currently on your shelves. As certified organic products have become a larger share of the market, desired by many people such as myself, I would like to ask you to expand this selection.

Below please find a quick list of products that I would like to purchase in your store. As an increasing amount of retailers across the country are open to special requests such as this for new products, I am hopeful that these products can find a place on the shelves in your store. Thank you for being open to these requests.
